

THE DIGITAL LEARNING EXCELLENCE AWARDS | 2022

ELIGIBILITY CRITERIA

Awards are judged on five (5) criteria: i) meet the needs of the organization; ii) innovative design of the solution; iii) demonstration of the learning solution; iv) measurable benefits; and v) overall impact

- i. Each element is worth 6 points, for a total of **30 points**
- ii. Note that some categories will have more awards than others. If the entries don't earn enough points, some categories may not have any award winners.

The judges will judge your entry on a scale of 1 - 6 on each of the following criteria:

Meet the needs of the organization	Clearly describes the needs of the organization and how your solution addresses the organization's needs
Innovative design of the solution	Clearly details the design of the solution <ul style="list-style-type: none">• Its conceptualization and development• The innovative use of learning technologies in the solution
Demonstration of the learning solution	Clearly outlines the delivery and implementation of the solution <ul style="list-style-type: none">• How was this solution communicated to the organization and its workforce?• How did the organization implement the solution?• Did the organization find the solution easy-to-use and effective?
Measurable benefits	Clearly recount how the organization and its workforce benefitted from this learning solution <ul style="list-style-type: none">• How did you measure the benefits of the learning solution?
Overall impact	Clearly chronicle the overall impacts of the learning solution <ul style="list-style-type: none">• Was the solution well-received by the workforce?• Were the organizational needs and/or gaps met?

The judging panel will review each submission for examples and visuals that adequately demonstrate thorough learning technologies and innovation solutions, and actual organizational outcomes.
